# Message from Principal

Dear Graduating students,

Time flies by and you are now ready to leave Assumption English School. The world is not the same as school. Depending on how you view it, it may be exciting with various experiences and learning opportunities. At the same time, it can be harsh and unforgiving.

# Message from Principal

However, I believe that each of you will believe in yourself and find that source of strength to show fortitude. To strive for mastery in whatever you do. And importantly to have a heart of charity as you navigate through life in a complex world. Always remember what St Louis Marie de Montfort taught us "Those whom the world rejects, must move you the most". Take care everyone and may God bless all of you! Thank you  
Labor Omnia Vincit.

Mr Benjamin Kwok  
Principal

# Message from Vice Principal

Ms Wong Ker Sin

# Message from Vice Principal

Congratulations!  
AssumptionKnights,

For the extraordinary efforts in coming this far in this exceptional year. You have demonstrated excellent resolve in reaching this last phase of your learning journey in AES. Remember that when one door closes, another door will open. Press on and keep exploring with your great learning spirit in every future endeavour.

Wishing you all the best and hope to see you soon as our accomplished alumni to support your junior AssumptionKnights.

Mr Quek Ser Hiang  
Vice-Principal (Admin)

# Message from Year Head

Dear graduands,

I hope these past few years in AES, you have become a better person than you were when you first stepped in to our gates be it academically or in character.

# Message from Year Head

Secondary school days are usually the best days of one's life as you all experience many new subjects, skills, relationships, successes and failures here during your teenage years. I do hope that you will remember all the good times and difficult times we had together as I'm glad our paths have crossed here in Upper Bukit Timah. Do come back as alumni (when SMM allows) to support your teachers and your juniors in their learning as well.

Thank you for the memories.  
Stay healthy, stay positive and stay safe!

Best regards,  
Mr Khau Lip Sing  
Year Head

# Message from Academic Supervisor

Dearest Students,

Your big day has come and I am honoured to have journeyed with you for the last four years. I am happy to see all of you have grown and developed into man and woman of character and learning.

I am a little sad to see you leave the school. Still, this is not the end but the beginning of another exciting chapter of your life, which I hope we, the teachers in AES, have managed to prepare you for.

# Message from Academic Supervisor

Through all the blood, sweat and tears, I hope you have become stronger and braver than before. The world is out there for you to become the best that you can be. A very talented young man I adore very much once said, "Don't stop when you are tired. Stop only when you are done". Even though he is barely in his 20s, he is living his dreams with an army behind him. It is through hard work and grit that he, together with his six team-mates, has managed to create a storm in the music industry, making what is considered impossible a reality. I hope you too can achieve what you set out to do. Nothing is impossible. Only you can restrict how far you can go, how bright you can be. You don't need anyone's permission to dance, so go out there and paint the town red, light it up with Dynamite. All the best!

Love,  
Mrs Ong Hsia Li  
Level Academic Supervisor

## **Class 4/2**

/kla:s - fɔ: - tu:/ *Noun*

A group of 39 students in AES 2021, who are amazingly interesting and delightful to teach.

Dearest 4/2,

Do you still remember the day when most of you first reported to the school hall for secondary one registration back in December 2017? I can. It was my first sight of the cute innocent looks you had in your primary school uniforms. Then, my journey of about 1373 days together with all of you began. Fast forward to today, you have grown up physically and matured cognitively and emotionally into young ladies and gentlemen.

# Message from 4/2 Form Teacher

Over the four years, there were many occasions when I could not have been more proud of every single one of you. Today is one such occasion.

After AES, I know that all of you have a bright future ahead of you. I believe in every single one of you that you will succeed as you are all special in your own ways. As you are going to embark on a new journey of your life, take some time to think back of the good ole' days when you and your friends laugh at the simplest silly things back in AES. Trust me, it will bring a smile to your face.

This is your final sprint to the finishing point. Continue to hang in there and study hard. All the very best in your O'Levels examinations and may all of you continue to flourish and excel in all that you do! Stay safe and take care!

Lots of love,  
Ms Valerie Chan

*PS: A big Thank You for letting  
me accompany you for about  
1373 days in your AES journey. 😊*

# Message from 4/3 Form Teacher

Dear 4/3,

Your secondary school years have been an extraordinary one. You are "The Chosen Ones" – the ones who had to go through so much changes and uncertainties, the ones who were forced to adapt to a new norm, the ones who missed out on many experiences that were given to those before you.

# Message from 4/3 Form Teacher

Yet, I believe you are "The Chosen Ones" because you're stronger and braver than you think you are. I've seen how you laugh and smile your way through tough times; how even when you're stressed, there is not a day when I don't hear laughter from your class. Thank you for making my days with you so light and bright.

I know you're all going to be alright. Even if you don't think you are right now, trust in the words of a wise man named Paul McCartney : In the end, everything's going to be okay. And if it's not okay, it's not the end :)

Rooting for you all the way,  
Ms Atikah

# Message from 4/3 Form Teacher

Dear class 4/3,

Happy Graduation Day to all of you! Although I have not been with you for long, I was and still am, very privileged and happy to have been your form teacher for one term, to laugh with you, to converse with you, and to know more about all of you!

# Message from 4/3 Form Teacher

I have seen you become more motivated nearer to the N Level exams, spurred on by your motivation to pursue your own dreams, and I am encouraged by your determination! As you journey on in life, remember that the most important thing is that you try your best! As long as you are putting in your best effort, that is enough :) I wish you all the very best for your future! Never stop trying, never stop believing, and never give up! Good things always take time.

Finally, I hope you always stay happy, and that you will always find a reason to smile :)

Love,  
Ms Liew

# Message from 4/4 Form Teacher

Dear 4/4,

It has not been an easy year. I would like to congratulate every one of you for completing another milestone of your journey in your education. I still remember the day when you all came for Sec 1 registration. You were so young and cute (:

# Message from 4/4 Form Teacher

My most memorable memory of you would be the Secondary 2 Malaysia Trip. I brought you all to Negeri Sembilan, visited a Malay kampong and a government school in Seremban. We learnt how to play the kompang and drew batik together. We even visited the Yakult factory in Seremban.

I am glad to have journeyed with you in AES and proud to be your form teacher. I believe that you will do well in your future endeavours. Remember to always work hard and never give up!

祝前程似锦！

Regards,  
Mr Lim Ding Han

# Message from 4/4 Form Teacher

Dear 4/4,

Time flies and soon you will graduate from AES. As I recall the two years we have spent together, I am thankful for the many wonderful memories we share. We had a great time at the Chinese New Year celebration where we enjoyed the Yu Sheng in the parade square. We also spent countless hours doing our best for all the class challenges. From participating in these challenges, I could really see the spirit of excellence in you and the unity in this class.

# Message from 4/4 Form Teacher

Many of you have matured over the years. From someone who was shy, to someone who leads confidently. From someone who was weak, to someone who is strong. From a meek youth to becoming a confident young adult. You have become clearer in what you want and are putting in effort to achieve it.

I am glad to have journeyed with you for your last two years in AES and proud to be your form teacher. May you enter the next phase of your education journey with CHRIST values in your hearts. My hope is to see that you will eventually contribute to the society through whatever vocations you will be in and to do your part as global citizens in making this world a better place. Ms Tan will miss all of you.

Regards,  
Ms Cryst Tan

# Message from 5/7 Form Teacher

To all my graduating students,

We are almost there, almost there.

There are so many highs and lows during this journey of learning and educating and just soaking in the existence and presence of each other.

I am truly blessed to have met each and everyone of you and given this opportunity to scale through life together.

# Message from 5/1 Form Teacher

For my 5/1, thank you for being a sweet bunch of humans who have endured my naggings and laughter the past 5 years. It may not be easy, but I am glad you love my quirky and bipolar self.

For my 4E history students, thank you for loving history the way I do (I am sure of it, you don't have to hide hehehe). I hope you now learn that bad people are not always bad and some good people can also make bad decisions and choices in their lives. We all learn that from history.

I hope that when we see each other in the future, we still smile and reminisce about the good moments we had together in the classrooms, or even along the corridor in school.

Remember that even a single word can make a heart open. So don't ever let your heart think you can't achieve beautiful things in life.

Love,  
Miss Nabilah
