

# Soiree Under the Stars

Written by: Kayleigh Stulemeijer, Class 3/5

## Showcasing...

The performing arts groups (Drama, Band, Dance & Choir) came together to perform:

**"Charlie & The Chocolate Factory"**

## An event like never before...

On the evening of Friday, 1 July, many of us made our way excitedly back to school. Instead of backpacks, we carried picnic mats and snacks. It's not everyday we get to watch an outdoor movie screening of "Charlie and the Chocolate Factory" with our friends and family.

What's more, it's under our school's evening sky!

## As a performer...

Being one of the Choir members who performed a musical piece for the production, I found it to be a meaningful and fun experience, which I wouldn't mind going through again! Although I was rather shy for the video to be shown to almost the whole school, I must say I'm proud of being part of the production!

## The event

*Soiree Under the Stars* was a memorable event for many of us who attended. We get to mingle and meet new people and just have a relaxed night out.

The performance was well put together, and having the Parents Support Group provide some fun claw machines and small bites added to the overall fun atmosphere.

It was refreshing for all students and teachers to come as we are with family and friends, in such a casual and cosy setting. I hope it would be something we all could have again, once in awhile, away from the hectic frenzy of school life.

An event to remember
